Cat. Refs. 1958 p.43; 1962 p.45.

B&W 8½ mins. 35mm 770 ft.

**THE CHANGING RAILWAYS.**

Our railways are changing. The latest and last big steam engine rolls out of the sheds and over the Canterbury Plains. But steam locomotives are giving way to diesel engines and railcars, which we see working through widely varied New Zealand scenery. Modern train traffic control systems, expanding goods yards, and diesel shunt engines are speeding up rail services as the steam era is passing.

B&W 8½ mins. 35mm 766 ft.

**WHO WERE THE MOA HUNTERS? 349 ft.**

**Research into the history of man in New Zealand is throwing light on the origins of moa-hunting people - forerunners of the Maori migration. Rock paintings in caves which will later be flooded by the Benmore hydro-electric scheme are recorded, and in a big cave near Sumner a most significant discovery is made.**
